

# How to use bike share

## 01 Create your account

(1) Make sure to **give permissions for Bluetooth (Nearby Devices) and Location.**

(2) **Turn on the bluetooth and location** of your phone.

**Without (1) and (2), bike will not unlock**

Sign up

## 02 Rent a bike

Scan the QR code attached to the bike and follow the app. Bike will unlock automatically.

※You can rent up to 5 bikes with one account, by tapping “Add Bike” after you rent your first bike.

※No charge for a use less the 10 minutes. Use this period to cancel a ride if you wish, by tapping “end ride”.

Scan

Rent bike

Unlock

## Lock manually

## 03 Temporarily locking the bike

Just lock the bike manually.  
To unlock again, tap "unlock".

**Don't use “end ride” button when you are just parking a bike!!**

## 04 End ride

- Manually lock the bike, tap "end ride".
- End ride only at a designated return location.
- Ride fee will be deducted from the credit card you used for app registration.

About app, contact bLink customer service.
